Roger:

Here is the latest and it is not caused by you but you are collaterally damaged. The Airport Bond BPA needs to be signed by the Mayor today and she wanted the blanks completed as to debt service, interest rates, etc., none of which can be inserted till you close. The Mayor asked the Comptroller for what she had presently and the Comptroller balked. Your request was going to the Secretary of E&A simultaneously and now the Deputy Comptroller (not Jim) won't add your item without the Comptroller's approval. And no one wants to ask for that right now. So, get one of the others when you get their vote to add it. The deadline is 24 hours before.

My guess at this time is that the Comptroller may not attend and if so, you will need both votes.

I will keep you advised of any change as I learn it.

It looks like wires got crossed on the documents and someone handed you the set from our last extension. The documents I sent, re-attached, contained your fees (see item 1 of the QCD). It was in the Escrow Agreement from the prior extension, only because the fees were being paid contemporaneously, as opposed to at the time of execution. Do you guys have a bill that you need paid now?

Thanks,

Roger

Roger, attached are redlines of the above. I thought we spoke of continuing the matter to October but Jim accepts December for the last time. Anything on the parking with Jack Pohrer? I see you removed the payments of our fees prior to close in what was Par. 3 of the Amendment. I want that reinserted even though it may be zero. Please forward clean copies to Jim and me. The third item above is Jim's letter for Shelia to print today. I am heading to a funeral shortly so I will be gone, and have a cataract issue on Tuesday so I won't be here.

Last, Jim will place it on the E&A Agenda and as soon as you have a E&A member's vote or, even better, both votes, please advise us so we can speak to the Comptroller

Hi Jared, if you will recall a couple of months ago when we last spoke on this subject I told you that I thought we were close to a deal. We continue to move toward that goal. We last met with the developer last week. They are still undecided on their exact parking needs. It is our intention as soon as those needs are formalized we would like to meet with the Treasurer and yourself to present the project and, of course, the parking requirements. If an interim discussion is desirable, please don't hesitate to contact me.

All the best
